## Make a conscription poster activity example

In the lead up to the 1916 and 1917 national conscription referenda there were strong media campaigns to convince people how to vote.

Here is your chance to persuade voters to vote yes or no.

You have time to  
create your poster  
until you pass your  
paper along to the  
next person.

Completing three  
times, before your  
original poster is  
completed.

Adding words,  
colours, people and  
actions!
